

Innovative Truth

Bringing Scripture to Life

August 2021

Dear Friend,

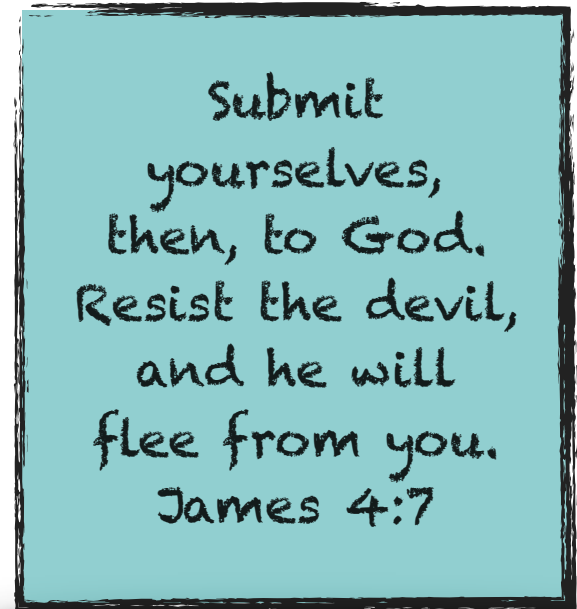

Thank you T!!!!

God did good when He made you

That's the kindest thing to say.

I just want to tell you, because of you leading me to God, I'm sober at this very moment. . . . "Not today Satan!!!!" I said in my mind like you told me. If we didn't talk I'd be drinking right now. Thank you!!!!

You did it with God! You found the strength today to surrender to something better. My heart is overflowing.

finally surrender it to our Lord. These are the painful examples of what ministry now faces regularly.

This text Tonya received recently touched our hearts, and I thought you'd love hearing just another way your ministry, Innovative Truth, is used by God. In a world filled by constant news of how the enemy comes to kill, steal and destroy, we are reminded, God is still calling His lost sheep to a relationship with Him that restores and liberates those Satan is attempting to capture one hostage, and one family at a time.

As we lay in bed about to go to sleep one night this week, Tonya was contacted by someone she's been helping who was struggling with thoughts of suicide. She spent several hours talking & leading him to God's peace. She sat compassionately with him in his darkest thoughts until he was able to articulate his pain, and

Ministry calls have become so different now than in my previous two decades. I know you must feel it too. We are facing critical times. Thank you so much for your part in allowing Innovative Truth to be used by God to continue rescuing those who fall victim to the enemies' lies. For as long as God calls us, we will answer, "Here I am Lord; send me."

With all our love.

P.S. Thank you in advance for your patience as our ability to communicate has become challenging due to our moving not just one, but TWO households at the same time. In anticipation of this we have included an extra return envelope for those who donate by mail.
